BASEBALL CLUB
NEEDING FUNDSChairman Says Finances in
Bad Straits; Asks for
Contributions

Additional funds are necessary to guarantee the success of the Ogden baseball club, according to H. Wells, chairman of the solicitation committee who has issued a statement outlining the financial needs of the organization. He explains the Ogden club has lost but two games and indications are that if the club is furnished with the proper financial backing, the team will likely climb to the top of the league.

The statement of Mr. Wells follows: "When the Ogden club was organized at the beginning of the season, we estimated that the same could be conservatively handled with a donated fund of \$1500 and to date nearly one-half of this amount has been raised by subscription.

"We have not called on all of the business houses and professional men as yet to make this means of soliciting voluntary subscriptions which would make considerable time.

Checks can be made payable to the Ogden baseball club and mailed to H. Wells, Fairview apartments, city, and proper credit will be given same on the list.

All subscriptions and proceeds of gate covering games played in Ogden are deposited in a local bank so that the total of deposits will equal the total of the gross receipts for the season, both from subscriptions and gate receipts.

"Checks covering expenses are signed jointly by the treasurer and business manager of the club and this insures that payments are proper and in order before being paid.

The Ogden club is entitled to the home gate in the Wasatch league games but is compelled to pay its own expenses while out of town without any return so it is figured that the expense of traveling should offset the expense of traveling.

"No regular salaries are paid the players and it is the intention to distribute the amount remaining on hand at the close of the season equally among the players.

"We have \$760 to raise in order to complete our plans and we ask the cooperation of all so that the Ogden team will be in a position to successfully compete with the other teams in the league.

"We are now tied with Tremonton-Garland for second place and we want to gain the first place or know the reason why. We have lost only one game in the league and one to Layton but the schedule provides that we meet Layton twice more before the end of the season, and we are out to win.

"We ask the help of all and will be more than pleased to receive voluntary subscriptions which can be handled as stated above.

"Following the close of this new and send in your check which will help further the interests of the Ogden club."

ANGELES POUND
BALL AND WINVisitors Make 8 Runs Off
Bee Hurlers in Single
Inning.

SALT LAKE, June 19.—Los Angeles once more rammed their way to a victory today by knocking the ball every which way. The score was 17 to 5.

The victory gave the Angels three triumphs in the four games played. There will be a doubleheader tomorrow afternoon in the first game beginning at 1:30 o'clock. Salt Lake must win both if the Bees hope to break even on the series.

Today's game was just one during thing after another after the second inning. The first two rounds gave promise of a good ball game, but the Angels did not field up to their usual standard of excellence and all of their boots proved costly.

Bill Pertica, hearing for the Angels, was effective in the benches. Proof of this was abundantly supplied in the sixth inning, when after forcing in a run with an excess of walks, Pertica struck out Krug and forced Runner to ground out. It was just about the only chance the Bees had for cutting deep into the Angel lead.

An amusing play came up in the third when Art Griggs undertook to beat Eddie Mulligan in a foot race. Mulligan was caught off first, but so cleverly did he see-saw back and forth that he eventually slid safely back to first.

A couple of fast double plays were about the only redeeming feature. Salt Lake scored in the first inning when Krug knocked the ball over the left field fence. There was a merry row about that homer, the Angels contending that it went over in foul atmosphere, no to count.

The Angels made two in the third on three hits, an error, a walk and a stolen base.

Salt Lake tied it in their half when Sheely knocked a homer.

In the fifth Crawford knocked the ball over the right field fence with McAuley, Crandall and Griggs on the line.

The Bees enjoyed the benefit of a forced-in run in the sixth, in which inning the Angels previously had made two.

In the seventh the visitors made eight runs. The elements were eight hits, two walks, a sacrifice fly, one charged error and several others not charged.

Sheely knocked his second homer in the seventh.

The Angels made one more in the ninth and so did the Bees.
